Molasses Storage Tanks

Tank finance scheme

For those who want to take advantage of the many benefits of molasses based liquid products, but don't have the storage facilities, ED&F Man has developed an interest free tank purchasing scheme.

Already used to purchase hundreds of tanks across the country, the scheme allows you to buy a new tank at cost price with no upfront costs.

All you need to do is build a concrete base in an accessible site to suit the tank size you require. We will then supply the tank, stand (10ft), valves and fittings to your premises ready for you to assemble.

Once the tank is delivered, it is paid for in manageable monthly payments spread over a period of up to 2 years, minimum payment £175 per month.

Nominal Tank size*	Dimensions Metric**	Dimensions Imperial**	Gallons	Litres	Steel Thickness
12T	2.74 x 1.83 x 1.83	9 x 6 x 6	2000	9100	3mm
20T [▲]	2.5 x 2.5 x 2.5	8.25 x 8.25 x 8.25	3000	15600	4mm
24T [▲]	3.05 x 2.5 x 2.5	10 x 8.25 x 8.25	4000	19000	4mm
30T [▲]	3.7 x 2.5 x 2.5	12 x 8.25 x 8.25	5000	23100	4mm / 5mm

Other tank sizes available on request Tanks are also available without stands and associated fittings.

Molasses Tanks - The Benefits

- Makes liquid molasses products the easiest to use on the farm
- Simple to use, no complicated pumps or electrics required
- Eases handling and eliminates drums and IBC's
- Minimal set-up costs i.e. a concrete base
- New tanks at cost price – no hidden mark up
- No finance cost – interest paid by ED&F Man (conditional on minimum 40T + consumption annually)
- Tank is paid off over / up-to 2 years in convenient monthly payments by standing order subject to the purchase of an ED&F Man product throughout the period of the Agreement
- Immediate VAT invoice
- Free professional advice on tank location and equipment

When you confirm your tank order in writing, the manufacturer will then supply the tank, stand, valves and fittings directly to you.
